PROFESSIONAL SUMMARY

Resilient and driven AI/ML enthusiast with hands-on experience in AI tools, DSA, and UI/UX. Skilled at turning challenging ideas into practical solutions, including AI models optimized for PSNR improvement and a facial recognition system for apartment security. A strong listener and clear communicator with a relentless mindset toward learning, problem-solving, and achieving results.

CORE SKILLS

- ❖ **Hard Skills:** DSA, Artificial Intelligence Machine Learning, Deep Learning, Facial Recognition Systems, AI Tools & Generative AI, Python, UI/UX Design.
- ❖ **Tools & Technology:** Py Torch, TensorFlow, Scikit-learn, NumPy & Pandas, Git & GitHub, Computer Vision.
- ❖ **Methodologies:** Problem-Solving & Algorithmic Thinking, Deep Learning Model Training, Agile Development, UI/UX Design Process, Machine Learning Model Development, Rapid prototyping.

PROFESSIONAL EXPERIENCE

- ❖ Improved underwater image enhancement model performance by training and optimizing the model to achieve **25 PSNR**, demonstrating strong expertise in **AI model development** and image processing.
- ❖ Cleaned and prepared large-scale datasets by **handling missing values and data errors**, then leveraged the processed data **to develop predictive models** for forecasting future occurrences.
- ❖ Developed an **AI/ML-powered autonomous waste-sorting robot** capable of identifying, picking, and intelligently separating wet and dry waste, demonstrating practical **expertise in computer vision**, automation, and intelligent systems.
- ❖ Developed a **face detection application**, leveraging computer vision and AI to **identify faces and enhance security monitoring**.

EDUCATION

❖ B Tech	VIT-AP AMARAVATHI	2024 – 2028	[72.0%]
❖ Class XII	S.R Jr College	2022 – 2024	[89.7%]
❖ Class X	BRILLIANTS E.M High School	2021 – 2022	[85.0%]

EDUCATION SUMMARY

Built a strong academic foundation from school through higher education, developing a growing interest in technology, problem-solving, and computer science. Progressed to a B Tech degree, where I have focused on AI/ML, DSA, UI/UX, and practical technology projects, while continuously developing my technical and analytical skills.

CERTIFICATIONS

- ❖ **Google Generative AI Certification** — Google.
- ❖ **Hedera Certification** — Hashgraph/Blockchain Workshop.
- ❖ **Python** – CodeGnan special python Developer certificate.
